Dear Mr. Chairman,

I am writing to you to express my support for the Campaign Finance Reform Act of 1993. I believe that this legislation is necessary to restore the integrity of our political system and to ensure that the voices of all citizens are heard.

Currently, our campaign finance system is broken. Special interests and wealthy individuals have too much influence over the political process, while ordinary citizens have little say. This is not what our founding fathers intended when they created our democracy.

The Campaign Finance Reform Act of 1993 would limit the amount of money that can be contributed to political campaigns, and it would require greater disclosure of campaign finances. These reforms would help to level the playing field and to reduce the influence of special interests.

I urge you to support this important legislation. It is time to take back our democracy and to make it work for all of us.

Sincerely,

Mary Smith

The Municipality of Rangoon is desirous of acquiring certain houses and lands in the upper Inya Road area, Mahalla with explanation.

Under section 3 of the Land Acquisition Act, "Local Government" means the Local Government of a Province and includes any officer specially empowered by the Local Government to perform the functions of a Local Government under the Act. It is clear that the Lieutenant-Governor is also the President of the Municipality, but he is not as such connected with the executive administration of the Municipality as the Vice-President. The Municipality is not therefore the Local Government for the purposes of section
